

Find a time that works.

A simple, warm, and dependable identity for a globally English-first self-serve scheduling platform.

TIMEWAY MAKES IT EASY TO FIND A TIME THAT WORKS.

1 Brand foundation

THE ROLE

Timeway is a globally English-first, self-serve scheduling platform for independent professionals and teams. It removes the effort of agreeing a meeting time so people can move forward with confidence.

PRIMARY FEELING

Connection

People feel naturally brought together.

SECOND FEELING

Confidence

The experience feels clear and dependable.

THIRD FEELING

Relief

Scheduling feels lighter and resolved.

1.1 Tone of voice

Timeway is **practical, calm, organized, warm, and dependable**. Lead with the human outcome, then show the product utility. Keep language plain, specific, and globally understood. Avoid jargon, urgency, and idioms that do not travel well.

PREFERRED

"Find a time that works."

Direct, inclusive, and outcome-led.

AVOID

"Optimize your scheduling workflow."

Technical language should not lead the brand.

2 Logo system

APPROVED EMBLEM

The **Effortless Path Forward** emblem is a soft route moving through a stable rounded field toward a seafoam destination point. It expresses reaching the right time with less friction, without using a literal clock, calendar, arrow, or human figure.

2.1 Use and protection

Keep clear space around every logo equal to the diameter of the seafoam destination point. Do not place text, rules, UI controls, or container edges inside this area. Use the horizontal lockup no smaller than **136 px wide** digitally. Use the standalone emblem no smaller than **24 px**; below this, use the supplied favicon.

DO

Use the primary lockup on White or Paper, and the reverse lockup on Ink. Keep the mark quiet, clear, and consistently spaced.

DO NOT

Recolour, stretch, add shadows or gradients, replace the wordmark, separate the destination point, or place the mark on busy imagery.

3 Colour and typography

APPROVED PALETTE

Timeway Ink

#16395E · Primary text, wordmark, and dark surfaces

Timeway Seafoam

#79BBAE · Destination accent and warm emphasis

Timeway Paper

#F8F8F4 · Soft neutral surface and internal route contrast

White

#FFFFFF · Light surface and reverse reproduction

Use Ink for readable text on White or Paper. Treat Seafoam as an accent rather than a small body-text colour.

3.1 Typography

DM Sans

DM Sans is the approved interface and brand typeface. Its open shapes feel friendly and clear without becoming informal or decorative.

USE

WEIGHT

PERMITTED FILE

Body text, controls, longer copy Regular 400

DM-Sans-Regular.ttf

copy

Licence note. DM Sans is licensed under the SIL Open Font License 1.1. The permitted font files and complete licence text are supplied in `fonts/DM_Sans/`. Use them only in accordance with `OFL.txt`.

4 Messaging and product application

LANDING PAGE MESSAGING

HERO

Find a time that works.

Share your availability, let people choose a time, and get back to what matters.

Create your booking page

SECONDARY CTA

See how it works

PRODUCT REASSURANCE

Simple scheduling for every time zone.

EMPTY STATE

Your next meeting is one shared link away.

CONFIRMATION

You're all set—your time is protected.

4.1 UI expression

Create generous White or Paper surfaces with Ink as the structural colour. Use Seafoam sparingly to signal a positive destination, an available next step, or a selected moment. Keep screens composed, clear, and light: show only the information required to take the next step.

A quiet, dependable presence

Use the logo at navigation starts and meaningful trust moments—not repeatedly inside every scheduling interaction. Let product clarity do the work.

Timeway makes it easy to find a time that works.
